Distribution System O&M and Disinfection

Distribution O&M, knowing your distribution system is half the battle, but we will also discuss how to use the equipment and operational and maintenance standards that will ensure you can do your job proficiently. There will be some hands on applications during the session. Such as Line locating. Topics that we be discussed, Line Location, System Flushing, Reservoir Operation and Maintenance along with Disinfection Free Chlorination and Chloramination, are some of the topics we will cover during this class. Participants are encouraged to bring their Line Locating equipment in order to demonstrate better equipment understanding and use.

Taught by John Schwartz

1.4 Water Only CEUs (pending approval)
$250 ERWoW Members
$275 Non-Members
Class Time: 8:30am - 4:00pm both days

Dates & Locations: March 18-19, 2020  Shelton
